TELECOMMUNICATIONS ORDINANCE (Chapter 106)**

**WTT HK Limited (“WTT”)**

**H5. IDD007—Global Direct Service**

Effective date: 2/2/07; Revision Date: 24/3/10

Customers are assigned a Global Direct Number and can make calls from overseas to Hong Kong or other overseas destinations through the automatic connection system of the Company. Customers need to pre-set the assigned Global Direct Number to a designated overseas fixed-line or mobile number.

**Charges**

—Rental per month/per Global Direct Number           HK\$50

—Usage charge per call calculated on a per-minute basis from connection of call to the Customer's preset designated overseas number to termination of that call. Charge rate per call from overseas country to Hong Kong will be based on the gazetted IDD007 Service rate to the relevant overseas country. Charge rate per call from overseas country to another overseas country will be the aggregate of gazetted IDD007 Service rate to the calling overseas country and that of the overseas destination country.

Long distance calls made via 001 and 002 from WTT telephone network, 007, GLOBAL DIRECT, CALL FORWARD ROAMING and ISDN0077 international data call services are charged in accordance with WTT standard rate(s) and will be rounded up to the nearest 10 cents.
