Remark:

1. Call Waiting allows customer to answer other calls in the middle of a phone conversation. A distinctive beep tone will alert customer when someone else is calling while on the phone.
2. With Call Hold, customer can make a second call while holding the existing call.
3. Airtime charge will be incurred for all calls that customer has made.
4. To block all incoming calls, customer is required to cancel all call forward before use, please dial ##002# .

5. The service cannot display caller's information in the case of call from public; or call from some connecting networks including calls from overseas networks; or caller chooses not to display his/her number.
6. Customer can follow mobile device instruction for Conference Call setting. Customer can connect up to 5 lines simultaneously via Conference Call service.
7. The voicemail box can store up to 20 messages, each one can be up to 60 seconds long and kept for seven days.
8. Retrieve voice mail from overseas will be charged according to the tariff of Roaming service.
9. If you would like to change PIN : Press * * 03 * 330 * (Current PIN) * (4-digit New PIN) * (New PIN Again) # Send
10. The above features / services are applicable to customers with HKBN Mobile Services supported by China Mobile Hong Kong ("CMHK") network.
