WTT HK Limited (“WTT”)

J3. T3 Point-To-Point Leased Line & Channelised T3 Services

(formerly known as “T3 Leased Line Service)

Effective date: 31/12/96, Revision date: 24/3/10, 12/11/12

- (i) The T3 leased line service falls within WTT’s DataConnect Services portfolio. The T3 leased line service provides:
- end-to-end transmission facilities at T3/DS3 (44.736 Mbps);
 - point-to-point dedicated circuits with full duplex (bidirectional) synchronous transmission facilities; and
 - G703 electrical interface at customer premises.
- (ii) The Customer is required to have the following to use this service:
- AC power: a 200-240V AC power point (13A) for the DTU (data terminating unit); and
 - Cable: a point-to-point cable is required for connecting from the WTT interface to the customer’s DTE (data terminal equipment).
- (iii) The following charges (HK\$) shall apply per circuit end:
- | | |
|---------------------|----------|
| Installation | \$22,500 |
| Internal Relocation | \$12,000 |
| External Relocation | \$22,500 |
| Monthly Rental | \$27,500 |

The provision of the Service is subject to WTT’s General Terms and Conditions of Service as revised and published from time to time.

In addition to WTT’s General Terms and Conditions of Service, the following special conditions will apply to the Service:

1. The Service is subject to the Customer’s equipment meeting the relevant specifications for interoperability with WTT’s Network. Any equipment which the Customer intends to connect to WTT’s Network for the purpose of the Service must be approved by WTT prior to any connection, and must be in compliance with the technical standards specified by WTT. At the time of application for service the Customer must provide all details regarding the equipment which it intends to connect to WTT’s Network. WTT may reject the application if the required information is not provided or WTT opines that the said equipment does not comply with WTT’s technical standards. WTT may at any time, without being liable to the Customer, disconnect the Customer’s equipment connected to WTT’s Network if:
 - the configurations or technical specifications of such equipment so connected differ from the details provided by the Customer in its application for the Service;
 - there is any malfunction of the equipment; or
 - the provision of the Service to the Customer is terminated or discontinued for any reason whatsoever.
2. The provision of the Service is subject to site feasibility and available resources of WTT including network coverage to the installation address.
3. Minimum subscription period for the Service is twenty-four (24) months unless otherwise specified in the Order Confirmation. Customer shall on demand pay for the monthly charges for the remaining contract period in the event of termination before expiration of the minimum subscription period.
4. Unless otherwise specified, both monthly charges and installation charges are per circuit end. Additional costs for civil or fibre work will be quoted on a case-by-case basis.
5. Unless otherwise specified in the Order Confirmation,
 - “M” or “Mbps” stand for megabits per second;
 - “G” or “Gbps” stand for gigabits per second;
 - “MB” stands for megabytes; and
 - “GB” stands for gigabytes
