1 SYSTEM REQUIREMENT

Introduction

HKBN provides a management web portal, Communication Manager (CM), for customers to manage their Voice Mail Service.

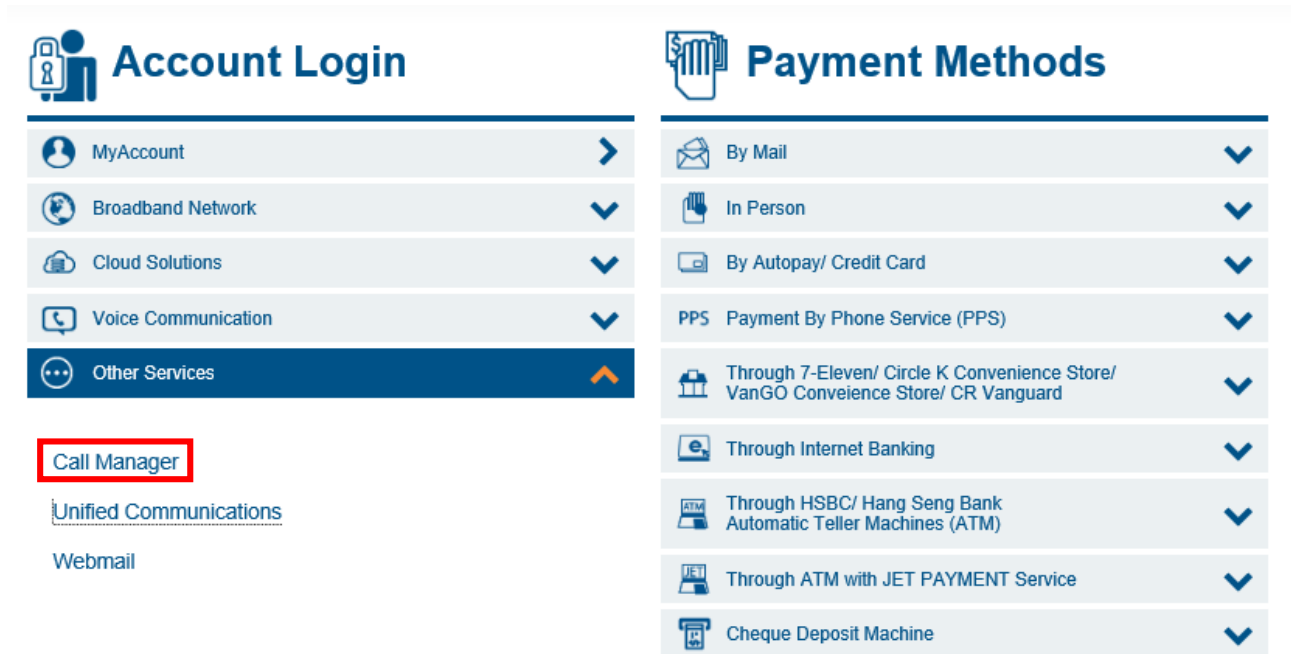

Recommended PC requirement for accessing HKBN Voice Mail Communication Manager:

System Requirement	PC (Intel P4 2.0G or above) 1G Ram .Net Framework 3.5 or above
Operating System	Microsoft Windows XP SP2 Windows Vista Windows 7
Internet Browser	Internet Explorer 6 Internet Explorer 7 Internet Explorer 8 Internet Explorer 9 (For Windows 7) Internet Explorer 10 (For Windows 7)

2 LOGIN HKBN VOICE MAIL COMMUNICATION MANAGER PORTAL

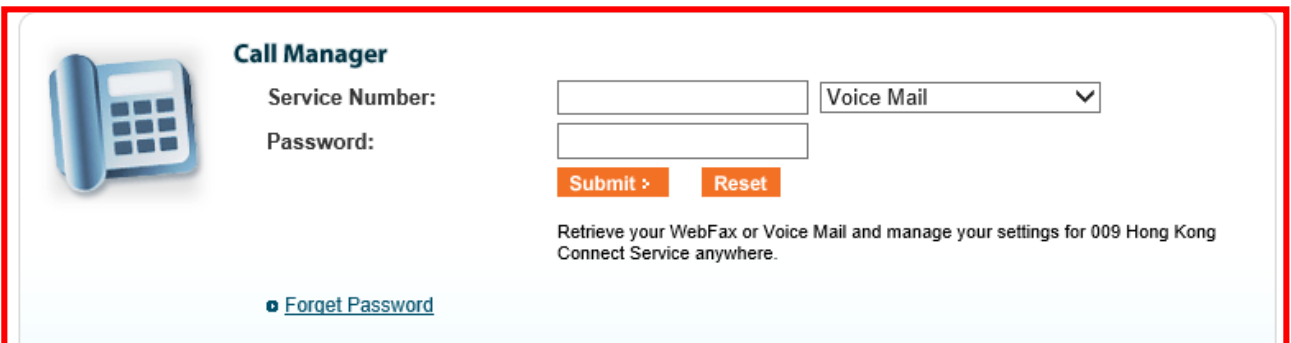

Method 1:

1. On our website hkbnes.net/en/accountservices, select “Other Services” and click “Call Manager”

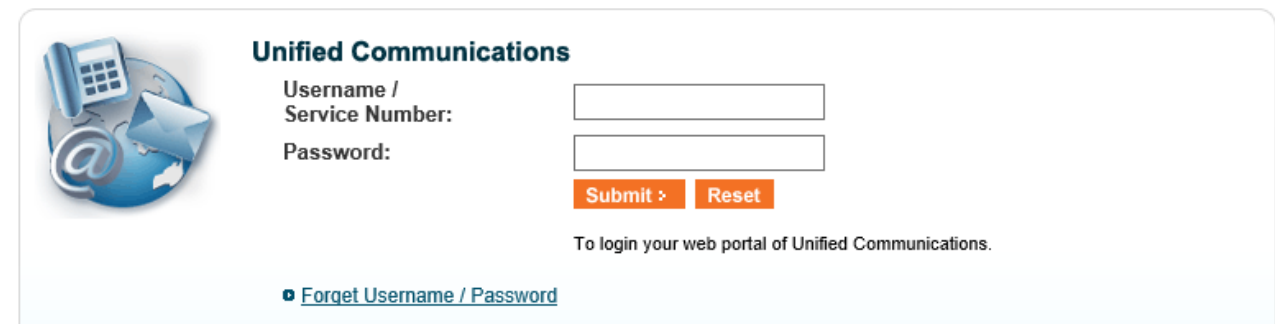

The screenshot shows the top navigation area of the HKBN website. On the left, under the 'Account Login' header, there is a list of services: MyAccount, Broadband Network, Cloud Solutions, Voice Communication, and Other Services. The 'Other Services' item is highlighted with a blue background and an orange arrow pointing right. Below this list, the 'Call Manager' link is highlighted with a red rectangular box. Other links include 'Unified Communications' and 'Webmail'. On the right, under the 'Payment Methods' header, there is a list of payment options: By Mail, In Person, By Autopay/ Credit Card, PPS Payment By Phone Service (PPS), Through 7-Eleven/ Circle K Convenience Store/ VanGO Convenience Store/ CR Vanguard, Through Internet Banking, Through HSBC/ Hang Seng Bank Automatic Teller Machines (ATM), Through ATM with JET PAYMENT Service, and Cheque Deposit Machine.

2. Select **Call Manager** box > **Voice Mail**

The screenshot shows the 'Call Manager' login form. It features a blue telephone icon on the left. The form has two input fields: 'Service Number:' and 'Password:'. The 'Service Number' field is followed by a dropdown menu currently set to 'Voice Mail'. Below the input fields are two orange buttons: 'Submit >' and 'Reset'. A link for 'Forget Password' is located below the 'Reset' button. A descriptive text below the buttons reads: 'Retrieve your WebFax or Voice Mail and manage your settings for 009 Hong Kong Connect Service anywhere.'

The screenshot shows the 'Unified Communications' login form. It features a blue icon of a telephone, a globe, and an '@' symbol on the left. The form has two input fields: 'Username / Service Number:' and 'Password:'. Below the input fields are two orange buttons: 'Submit >' and 'Reset'. A link for 'Forget Username / Password' is located below the 'Reset' button. A descriptive text below the buttons reads: 'To login your web portal of Unified Communications.'

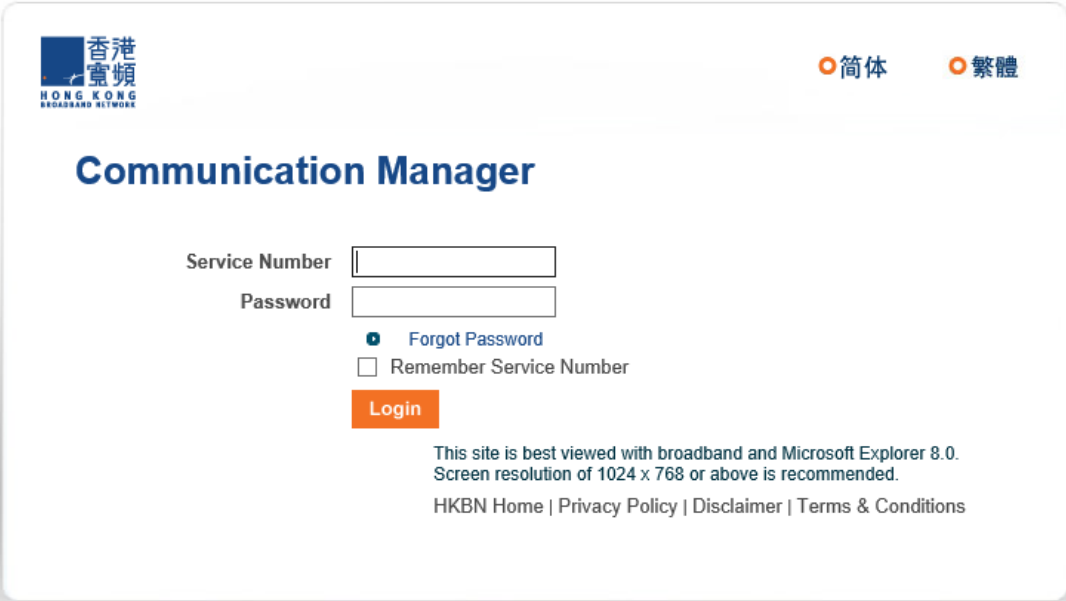

Enter your

- **Service Number** (Registered Phone number or Global Call Forward number), and **Password**
- Press **Submit**

Note: The default password is preset as the first six digits of your HKID Card / Passport / Business Registration number. For security reasons, please change your password after first time login.

Method 2:

You can also access the login page via <http://uc.hkbnes.net>

© HKBN Enterprise Solutions Limited 2016. All Rights Reserved.

Enter your

- **Service Number** (same as above) and **Password** (same as above)
- Press **Login**

You can select the check box **“Save Settings”** so that it is only required to enter the Password in the next login. When you are using public PC, please do not select for security reasons.

4 APPENDIX

4.1 Appendix 1 – FAQ

1. **Fail to login Communication Manager Portal**

Make sure you have correct service number and password to login. The default password is the first six digits of your HKID Card, Passport or Business Registration number. If necessary, you can press "Forgot Password" under login page to reset the password.

2. **Fail to install Active X**

Make sure you are using Internet Explorer to login Communication Manager Portal and our domain's pop-up is not blocked. Besides, please ensure your Windows Login account has authority to install Active X for your Internet Explorer.

3. **How to check whether the required component is installed or not?**

Open Control Panel, click the "Uninstall or change a program". You can find an item named "IPCP Notifier" is installed.

4. **Why the VM counter didn't reset to 0 even I listen all VM via your portal?**

The counter will only be updated if the voice message had been listen via our Voice Mail Interactive Voice Response (IVR) System of respective service.

5. **Can it run in Windows 8?**

Sorry, Windows 8 is not supported.

6. **Can I access Communication Manager Portal through iOS or Android operating system?**

Sorry, iOS and Android is not supported.

7. **Can I access Communication Manager Portal by Firefox, Chrome or other web browser?**

Sorry, only Internet Explorer is supported.

8. **Why there is no response after I click to play the Voice Mail?**

Make sure your PC or Notebook is installed with Windows Media Player.

9. **Any housekeep or auto-delete function of Voice Mail service?**

The voice message can be kept for 30 calendar days from the voice message received date. After that, system will then remove the message automatically.
