

RoamLite Roaming Data Day Plan (“RoamLite”) Terms and Conditions

The following terms and conditions are supplemental to the Registration Form of HKBN Mobile Services and the Special Terms and Conditions of Mobile Services for Corporate Subscriber

1. RoamLite daily charge starts to incur on each day when data usage of RoamLite is in use. Daily charge is chargeable on a daily basis and will not be pro-rated even if RoamLite is effective and terminated within the same day. Regardless of the location and time zone of a Subscriber, a day means from 00:00 to 23:59 (Hong Kong time) and the cut-off time is 23:59 (Hong Kong time) each night. If roaming data usage extends beyond the daily cut-off time, another day of daily charge will apply.
2. The 500MB threshold is counted on a daily basis regardless of destination. If Subscriber uses RoamLite in more than one destination within a day, Subscriber will be charged based on the number of RoamLite destinations, but the total data entitlement will be capped at 500MB daily for all the destinations. The data speed will be adjusted to not higher than 256kbps when the data roaming usage reaches 500MB.
3. Upon activation of RoamLite, both roaming voice and IDD features will be enabled at the same time. The Data Network Shield service, which stops Subscriber from gaining access to other non-designated networks, will also be activated automatically. Subscriber may only use roaming data service on the designated networks at the designated destinations under RoamLite. All other roaming services (including voice calls, SMS and video calls) will be chargeable at standard roaming charges. Subscribers are suggested to turn off the roaming data function in the mobile handset if do not need to use data in order to avoid incurring unnecessary roaming data charges.

4. Whilst the Subscriber is roaming in a destination designated by HKBN and/or Group Companies, the Subscriber may under certain circumstances (for example, cellular coverage spill over from neighbouring destination due to geographic proximity of the destinations) roam onto a different destination's network (the "Second Destination Network"). In the event that the Second Destination Network is included within those networks specified by HKBN and/or Group Companies for RoamLite, HKBN and/or Group Companies will also charge the Subscriber for roaming on the Second Destination Network according to RoamLite.
5. Usage of RoamLite is subject to the coverage, system compatibility and other relevant conditions of the designated networks, which are subject to changes without prior notice.
6. RoamLite shall not be applicable to usage on Peer to Peer ("PTP"). If usage is incurred due to PTP including applications such as (but not limited to) BitTorrent, edonkey, flashget, foxy, ppstream, winmx, etc, or if there is any abusive or abnormal usage, HKBN and/or Group Companies has the right to forthwith suspend/terminate data service without prior notice and charge the Subscriber at standard roaming rate of HKBN and/or relevant Group Companies. All commercial or illegal promotion activities via the use of RoamLite shall be prohibited.
7. Tethering availability depends on network operators in the destinations. HKBN and/or Group Companies does not restrict the use of tethering with RoamLite.
8. RoamLite shall not be applicable to maritime roaming/satellite roaming.
9. 4G LTE service will be available only when (i) compatible handset or device supporting 4G bandwidth is used and (ii) in the destinations where 4G LTE service infrastructure has been developed.

10. If Subscribers choose to disable RoamLite, then roaming voice, roaming data, IDD and international call forward features will be disabled at the same time.

11. HKBN and/or Group Companies reserves the rights to amend the charges and terms and conditions (including but not limited to designated destinations and designated networks and their coverage) of RoamLite and to suspend or terminate any part of the service at any time without prior notice. HKBN and/or Group Companies shall have the final decision in case of any dispute.
